Objective

- Motivated MCA student with knowledge of Web Development and Python programming, seeking an opportunity to apply technical skills in software development. Eager to gain hands-on experience, contribute to real-world projects, and continuously enhance problem-solving abilities while supporting organizational growth.

EDUCATION

- **Master of Computer Applications.** 2024-2026
Noida Institute of Engineering and Technology, AKTU University
- **Bachelor of Computer Applications.** 2020-2023
Ram Dayalu Singh College, BRABU University

SKILLS

Programming Languages	Python, Java
Frontend	HTML5, CSS3, JavaScript, Bootstrap, React.js
Backend	Node.js, Express.js, REST APIs
Databases	MySQL, MongoDB
Developer Tools	VS Code, Git, GitHub, Vercel
Core Skills	Responsive Web Design, Frontend Development, Backend Development, Problem Solving

PROJECTS

- **Sacred Temples Travels — *Python, SQLite3, JavaScript, HTML5, CSS3***
 - Developed a full-stack temple portal using SQLite3 with user login, booking, and donation systems.
 - Built interactive JS/CSS3 tools including a virtual Aarti simulator, meditation counter, and Gita advice engine.
 - Created a real-time Admin Dashboard to monitor bookings, feedback, and user registrations dynamically. [Link](#) [Github](#)
- **Team Task Manager — *Node.js, Express.js, MongoDB, JavaScript, HTML5, CSS3***
 - Built a full-stack task manager using Node.js, Express, and MongoDB with secure user login.
 - Implemented role-based authorization (Admin/Member) to secure API endpoints.

- Created a real-time dashboard with Vanilla JS to track task completion status. [Link](#) [Github](#)
- **Personal Portfolio Website — *HTML5, CSS3, JavaScript, Vercel/GitHub Pages***
 - Designed and developed a premium, responsive glassmorphic portfolio utilizing interactive HTML5 Canvas particle systems.
 - Implemented a custom physics-based mechanical bounce animation (squash-and-stretch) for perfectly circular skill spheres.
 - Integrated an animated educational timeline with sweeping neon lasers and deployed the site for optimal loading speeds. [Link](#) [Github](#)

Leadership Experience

- Led a 3-member team to design and deploy the “Sacred Temples Travels” web application, managing task delegation, progress tracking, and timeline execution.
- Captained the village cricket team, managing strategy, team coordination, and match logistics to foster team collaboration.
